HSB Friends & Family Team Total Reaches \$7443

"We're very proud of our rookie team," says Linda Smith, who along with her husband, Bill, co-chairs the HSB Friends and Family Relay for Life team. "In fact, many of my coworkers had never heard of Relay for Life. To be successful, we set realistic goals to reach this year, and we've surpassed each goal so far."

The team, which has raised more money than any of the Fayetteville teams, is gearing up for the Relay for Life event to be held June 6 and 7 at Methodist University.

"We invite everyone to come out and experience Relay," she says.

The team will set up camp on June 6 and stay through June 7 where more than 54 teams comprising 651 participants are expected to participate in the actual relay.

HSB Teams with WFNC to Do a Cool Thing for the Community

Do you remember how hot it was in North Carolina last summer? It's hard to imagine getting through that heat without so much as a fan in your home, but some in our community did.

To bring a little relief from the heat, Hutchens, Senter and Britton is sponsoring WFNC-640 AM's Summer Fan Club to provide fans to folks in our community.

Listeners purchase 20-inch window fans they contribute to the radio station. WFNC then distributes the fans to several local agencies that work with people who are most likely to need the fans.

On Friday, June 20, from 9-11 a.m., WFNC will broadcast from the firm's Fayetteville location where listeners can drop off fans.

"I'm really looking forward to the upcoming year because I have a lot of things that I would like to implement with the CCPA," says Fife. "The organization has been around since 1932, and there are not enough people that really know what we are about and what we actually do. My goal during my tenure as President is make the CCPA more visible and to increase membership."
