

Attorneys Spruce Up the Neighborhood

It's all about neighbors helping neighbors. And for one local couple, it meant a home makeover.

On May 3, Hutchens, Senter & Britton attorneys, Lonnie Player and John Mandulak, grabbed their paintbrushes and tools and joined several of their colleagues from the Cumberland County Bar Association to help some local folks get their house in order.

The bevy of attorneys descended upon Murchison Road to repaint an elderly couple's home and do yard work as part of the association's annual celebration of Law Day.

"Law Day is and has always been our most visible way to give back as lawyers to a community which has given so much to us," says Cumberland County Bar Association president Lonnie Player. "Lawyers are a resource to the community, and we're here to help in more ways than just one."

Since 1958, May 1 has been set aside in our nation to celebrate Law Day. Many members in the legal profession celebrate Law Day by participating in charitable activities and events.
